Where to stay

- Lido Hotel (at Melissi) Only two kilometers from Ktima Livitsanou, where the wedding will take place!
- Hotel Fadira (at Xylokastro)
- Triton Hotel (at Kiato)
- Xylokastro Beach (at Melissi) A small note: we have been in this hotel to ask for information in order to rent the garden and have the party there and they treated us a little bit, how to say...like rubbish. They gave us some useful information, but they were not the most polite persons you could wish yourself to meet. We leave the link, just so that you have the option of choice. Anyway, at the end of September, who the hell is going to fill the hotels and particularly at Melissi?!?!?! So, everybody at Lido!!

Even one euro can make the difference!
